Apt. 620

Air Conditioners

Portable Floor Units

This is a reminder that the maintenance staff will not be removing (or installing) your portable AC unit.

The units must be stored in your apartment.

Tenants may now install and uninstall their AC as needed.

Window Units

This is the last year that window units will be allowed.

On a date to be determined, the maintenance staff will remove existing units. At that time, options on what to do with the old AC will be available.

Announcement from the Richmond Memorial Library:
The SAGE program is now called
The *Library Visits* Program

9/12 & 9/26 regular days

Music & Books on CD

Bingo-6pm

Tuesdays & Saturdays

Reminder:

The first week of October we are scheduled for a HUD Inspection of the entire property. The Grounds, Common Areas, Office & Maintenance areas and a sample of apartments (about 20) will be inspected. The apartments are chosen at random, on the day of the inspection by the inspector. I will not know ahead of time which apartments are being inspected.

This is a routine, and required, inspection for all HUD properties. We have delivered a check list to all residents to go over to make sure the unit is ready.

The specific day / time will be posted a few weeks prior to the inspection.

Contact the office if you have any questions.
