AC Removal...

AC's will be removed in September.

Dates to be determined.

Many residents are choosing to store AC units in their apartments so they may access them when needed. If you would like to do that, please contact the office and we will take you off the install/remove list.

If you store the portable unit in your apartment, but have maintenance install/uninstall it, we will continue to do that. Keep in mind, that if done by maintenance, it will happen when scheduled, not at your convenience. The same applies for installs.

If you purchased a unit this season and installed it on your own but would like maintenance to uninstall for storage, please notify the office so we may place you on the list.
