## Best Practices...

- 1) Keep your apartment door locked at all times! Lock it when you are home and when you leave; when you take down trash, go to check mail, are doing laundry or visiting your next door neighbor. Emergency personnel have the ability to gain entry to our building and your apartment, so there is no reason to have your door unlocked. If an **evacuation** is required, emergency responders will control the evacuation. They will identify themselves and provide instruction and assistance on how to proceed. Do not unlock or open your door with out knowing who is on the other side. Use your peephole to see who is at your door.
- 2) Regularly inspect your apartment for pests. At least once a month, inspect mattresses, box springs, and couches & chairs, especially the pieces you use most. Use a flash light when inspecting. If your eyesight is not good, ask a friend or family member to inspect for you. If you find any pests, put them in a plastic bag, seal it and put it in your freezer. Immediately call the office, 344-0200, to report the problem. It is not required to save or report common insects, such as spiders or ants, unless you feel you have an infestation, then give the office a call.
- 3) If the action or behavior of a tenant or a guest disrupts your right to the quiet enjoyment of your residence, or if a person exhibits behavior that may be harmful to them or others, we encourage you to report concerns and complaints in **WRITING**. Include all pertinent information, especially the actual time of the event you want us to be aware of. Verbally reporting incidents is difficult for us to log and investigate. Having a written log allows us to create timelines and patterns of behavior so that we may better resolve problems. Valid complaints must be signed. We must be able to contact you in case further details or questions are needed.

**For medical emergencies or if you suspect a situation may turn dangerous or someone may be harmed, call 911.**

**To report a suspected crime or suspicious behavior,  
Call the non-emergency dispatch line: 345-6350.**

## What's Happening in February...
