REMINDERS FROM THE OFFICE...

The safety of our residents and maintaining a clean, comfortable environment is very important to us. We would like to remind you of a few policies we have in place that help to make the Washington Towers community a safe, friendly place to live.

Building entrances, sidewalks, hallways and lobbies should be accessible and passable at all times. Congregating near entrances and in the lobby areas near elevators is prohibited. First responders want us to remind you that they need immediate and clear access to the building and elevators.

For those who enjoy sitting outside, seating is available in the front and back of the building. If you choose to sit on a walker or motorized chair, do not park on the sidewalk. It is okay to park on the grass next to the benches.

Red Zone and Yellow Zone curbs.

Red curb (and Blue Ramp) areas are for dropping off or picking up PEOPLE.

Groceries and packages should not be unloaded while in the red zone. Vehicles should not be left unattended while waiting for a passenger.

Yellow curb areas may be used for unloading packages or groceries. Vehicles should not be left unattended while parked at the curb.

Please tell your family and friends that parking at the curbs is not allowed. Remind them to be aware of traffic and not block the entrance ramp or driveway for an extended period of time. When dropping off or picking up, ask them to stop close to the ramp or curb. If you are not outside when your ride gets here, they should stay back in the yellow area until you come out.

What's Happening in May at Washington Towers...
